

## Seeing the Light in Life

...through photography, mindfulness and Ignatian spirituality

Wed 2<sup>nd</sup> to Wed 9<sup>th</sup> September 2020

“Let there be light” God saw the light was good and separated the light from the darkness. It’s the interplay of light and darkness which creates beauty and mystery. This interplay forms the basis of photography.

Revd Steve Radley, a former RAF chaplain, Anglican Priest and professionally trained photographer, found healing from some of his experiences of war through photography. In this retreat Steve will share how your smartphone or camera can be used to explore the God who dwells in darkness and light, prayerfully helping see life and God in new ways.

Scripture, mindfulness meditation, Ignatian spirituality and our cameras will be used throughout the week, but you do not need to be an accomplished photographer as our focus is not on the technical aspects of photography but rather, how any camera can help us see in new ways. You will need to bring a camera to participate but this can be either a smartphone or larger camera you enjoy using.
